DEDICATION

There are so many times in our lives when we should have said "thank you" to someone but never got the chance to. Over the past four years, a department of three very special people have helped each and every one of us in so many ways, it would be impossible to thank them enough. Through much patience and understanding, Mrs. Matte and Mr. Sipos have guided us through 4 very happy and successful years. We had some tough times, but as you can see, we made it through! Mrs. Hyland, who has given so much of her time and effort, has been a priceless asset to all of us, especially in the past year. With our heart felt thanks, the class of 1984 is very proud to dedicate the 1984 Maroon to the Guidance Department.
